

All information should be centered horizontally between the margins as shown, and sections spaced evenly between the top and bottom one inch margins. **NOTE:** Because the length of your title and number of faculty will fluctuate, please adjust your title page to be as evenly spaced as possible.

The title must be in mixed case letters and located one inch from the top edge of the page. If the title is longer than six inches, it must be split and placed on two or more lines (double-spaced), with the first line the longest and subsequent lines shorter (inverted pyramid style).

The title must be the same font and size as the body of the work; i.e., no bold, large font, etc.

Your name should be centered vertically between the title and the submission language. Use same student name (as it appears on your university record with appropriate punctuation) on copyright line and on abstract.

Begin the statement with the formal introduction "A thesis submitted to" or "A dissertation submitted to."

Write out the full name of Brigham Young University.

Write out the full title of your degree.

List your committee chair and members, one per line. Do not use titles or degree abbreviations after names such as PhD or EdD.

Double-space between the name of the department and the university's name.

Add the Copyright information including the current year and the same student name as shown above.
