

Going back to school to work on a graduate degree, while working full time and raising four kids, was a major decision. My wife and I knew it would take hard work and sacrifice, but we also knew that if this was the Lord's will, He would prepare a way for us to accomplish it (1 Nephi 3:7).

After receiving our answer, I applied to the MPA Executive program and was accepted! The principles I learned early on were critical in my preparation for being called to serve as Bishop just one year into the three-year program. When asked how we were able to find the time to manage it all, the thought that often came to mind was the story of the Lord feeding the 5,000 (Matthew 14:15-21). He expanded my time and talents to meet the demands of my work, Church, community, and family.

Not long after completing my degree, I was offered a director position at BYU-Pathway Worldwide. I'm now privileged to assist in spreading light and knowledge across the world!

The blessing of witnessing firsthand what the Lord could do with me has allowed me to testify often of His sustaining power, goodness, and love.
