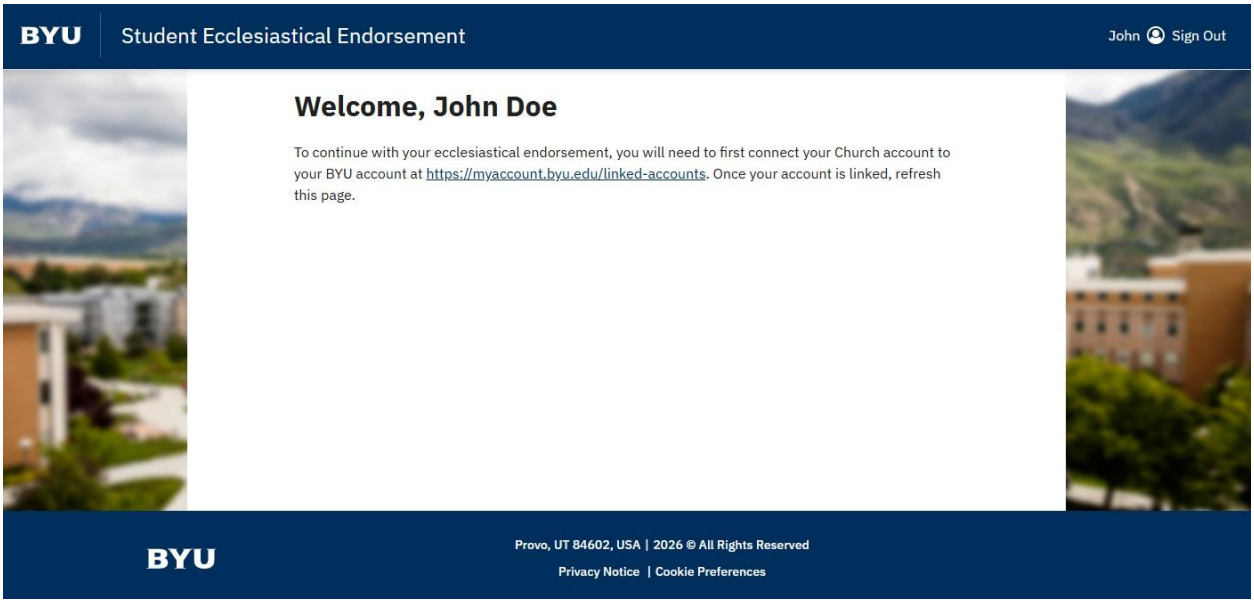
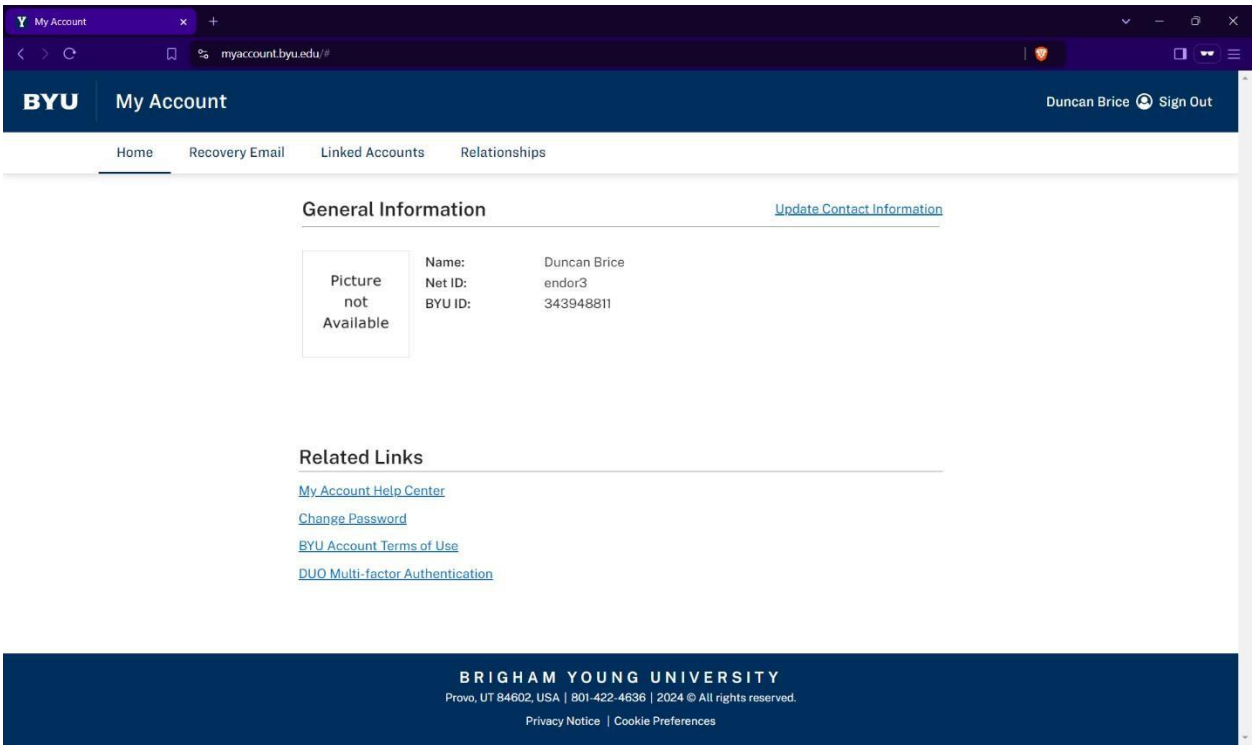
BYU Endorsement Site – Linking Accounts

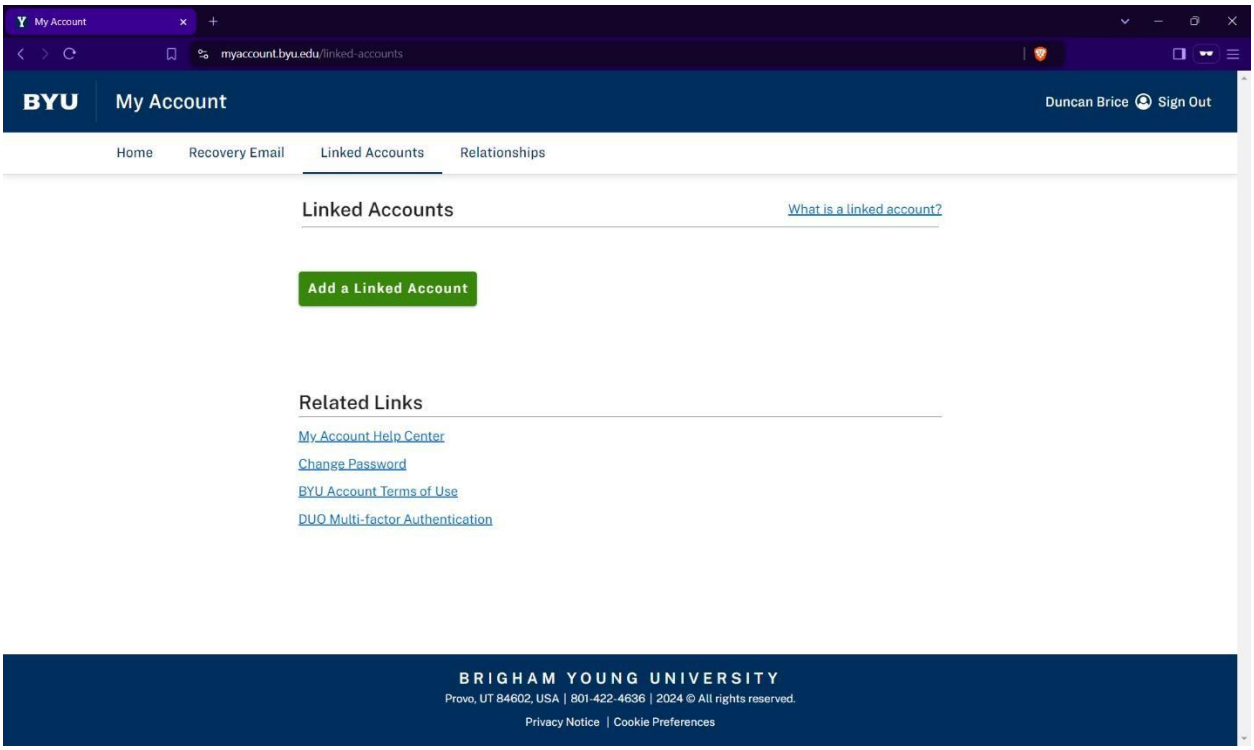
Applicants go to the https://endorse.byu.edu site. After signing in, if the user's account is not linked to a Church account, applicants will see a welcome screen directing them to link their accounts. Linking Accounts:



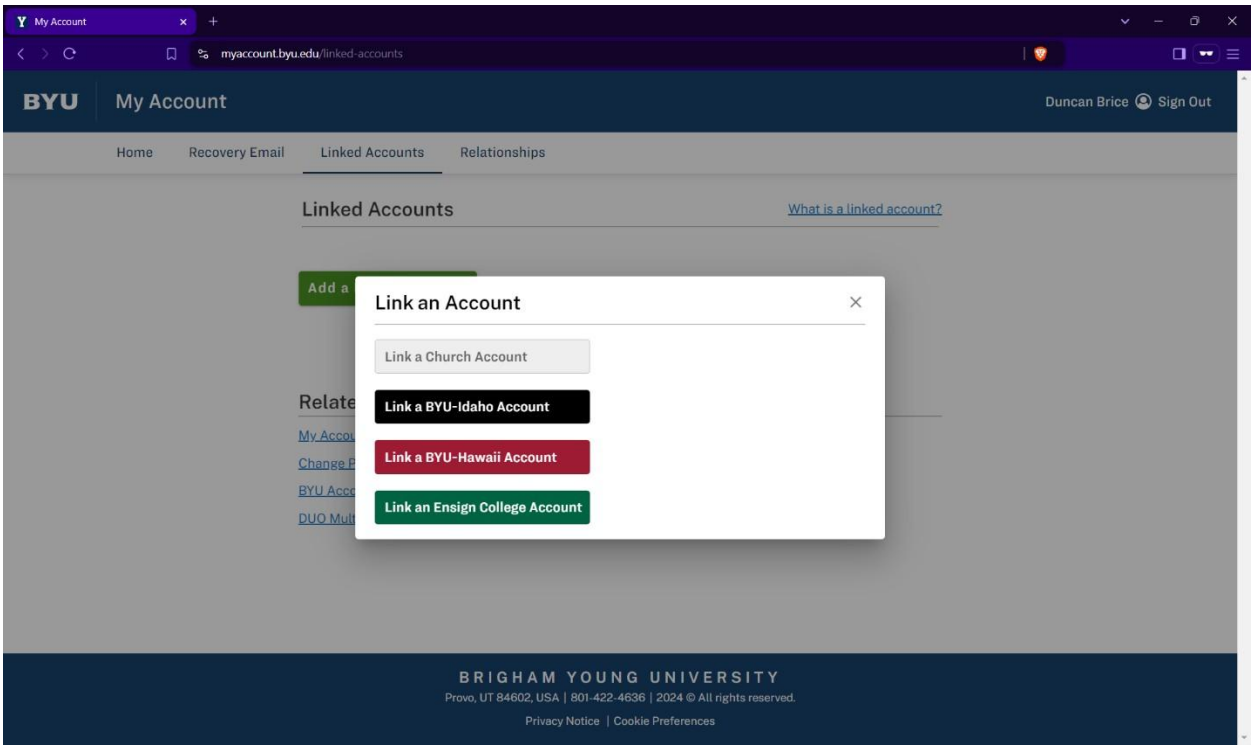
Clicking the My Account hyperlink takes you to myaccount.byu.edu. The next screen to appear will look like the following:



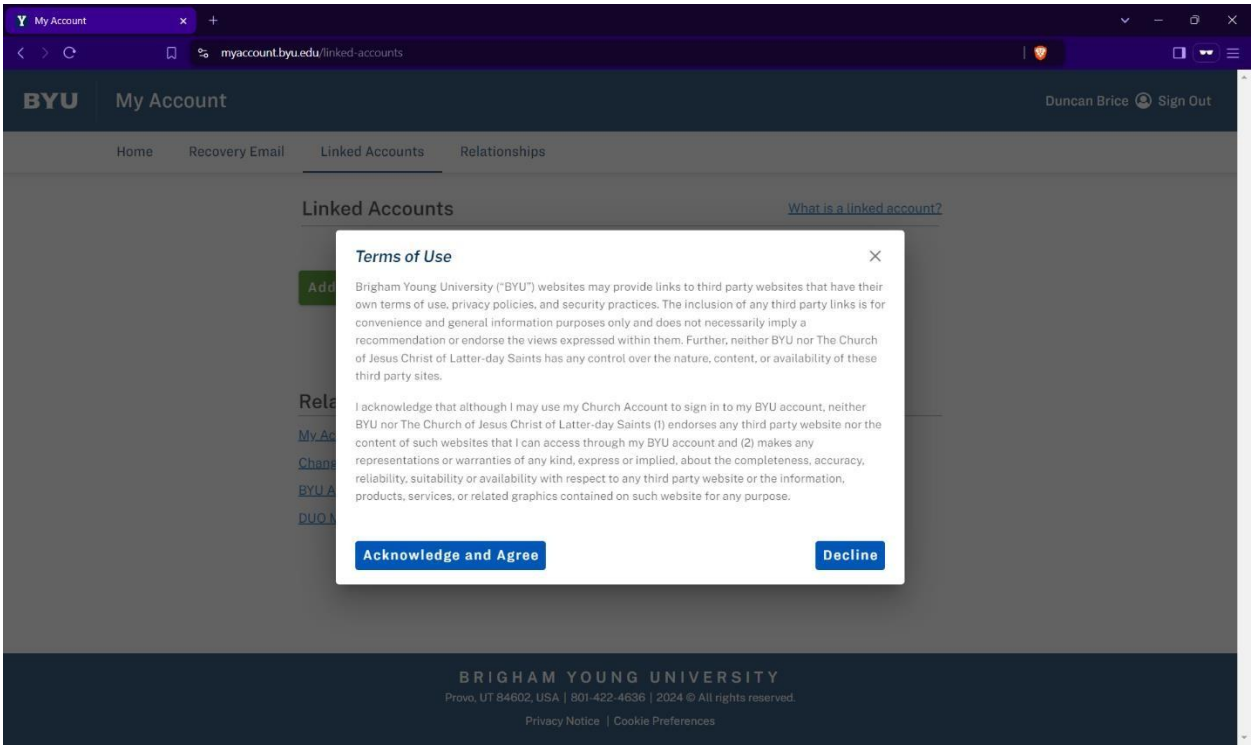
Click on the “Linked Accounts” tab.



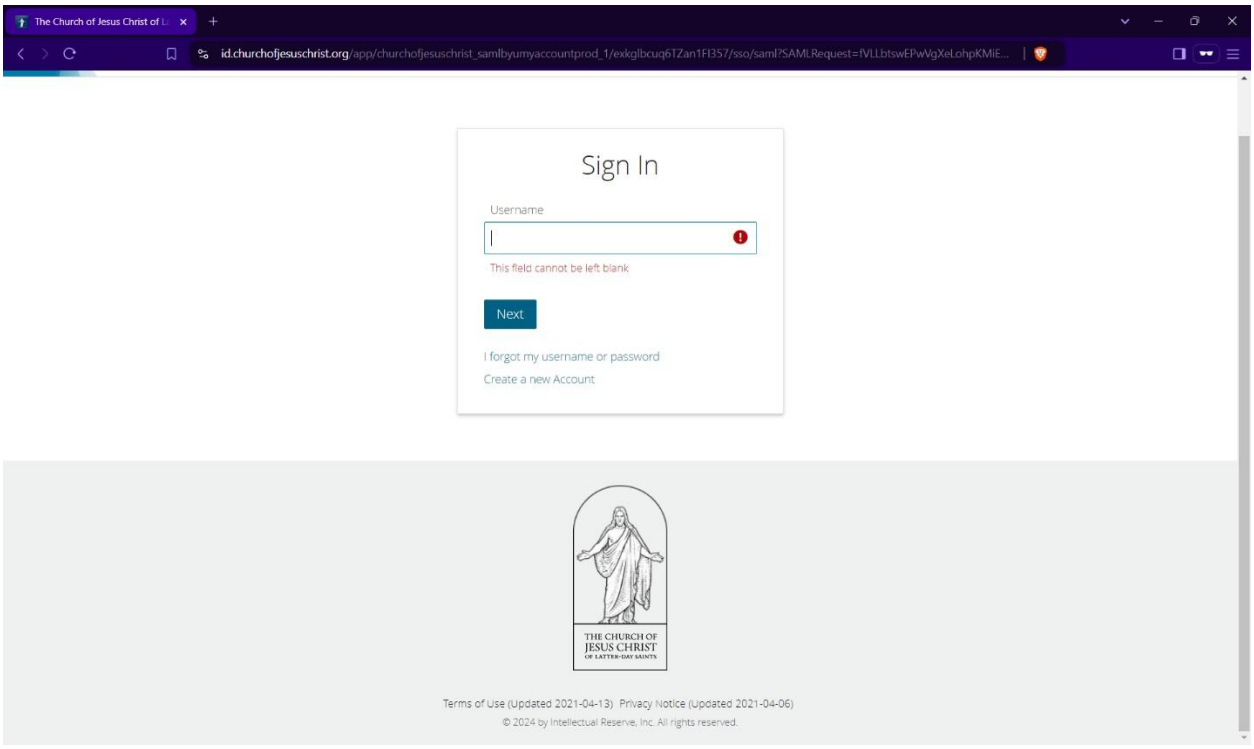
Click the “Add a Linked Account” button. After clicking, the following pop-up will appear:



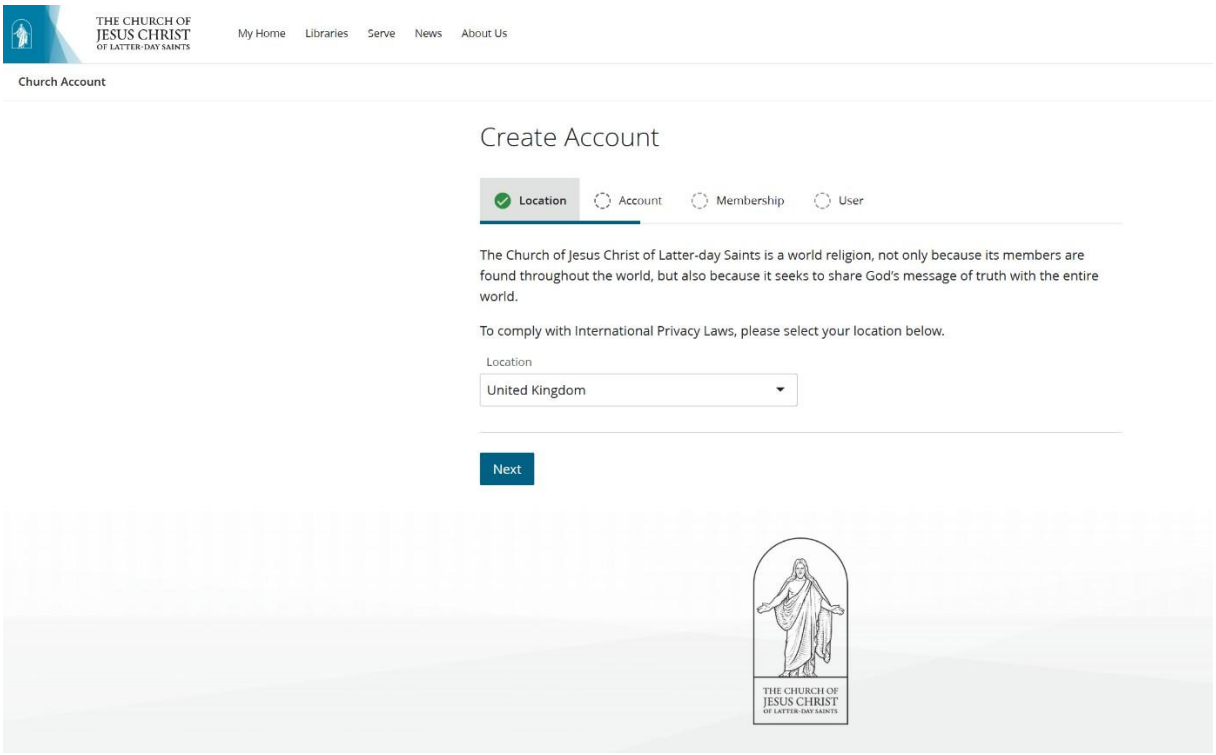
Click the “Link a Church Account” button. This will open a Terms and Conditions pop-up:



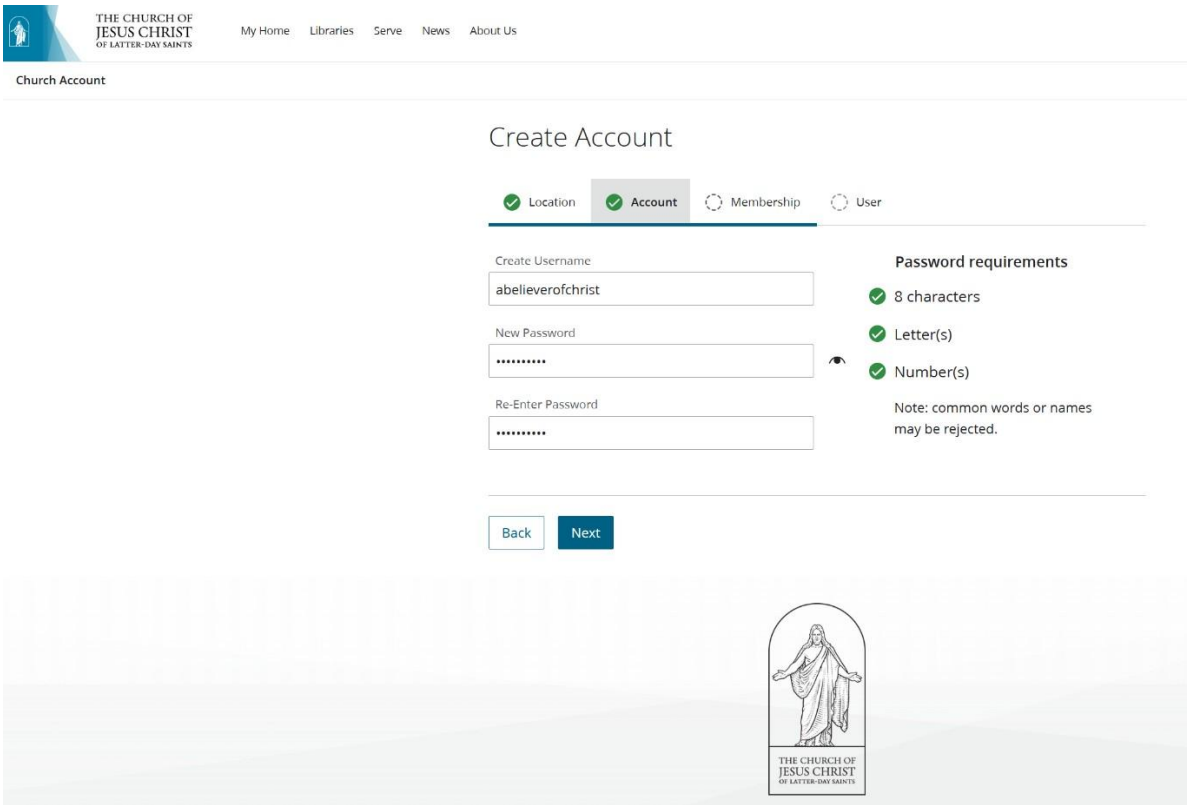
Click on the “Acknowledge and Agree” button. This will redirect you to the Church’s login page:



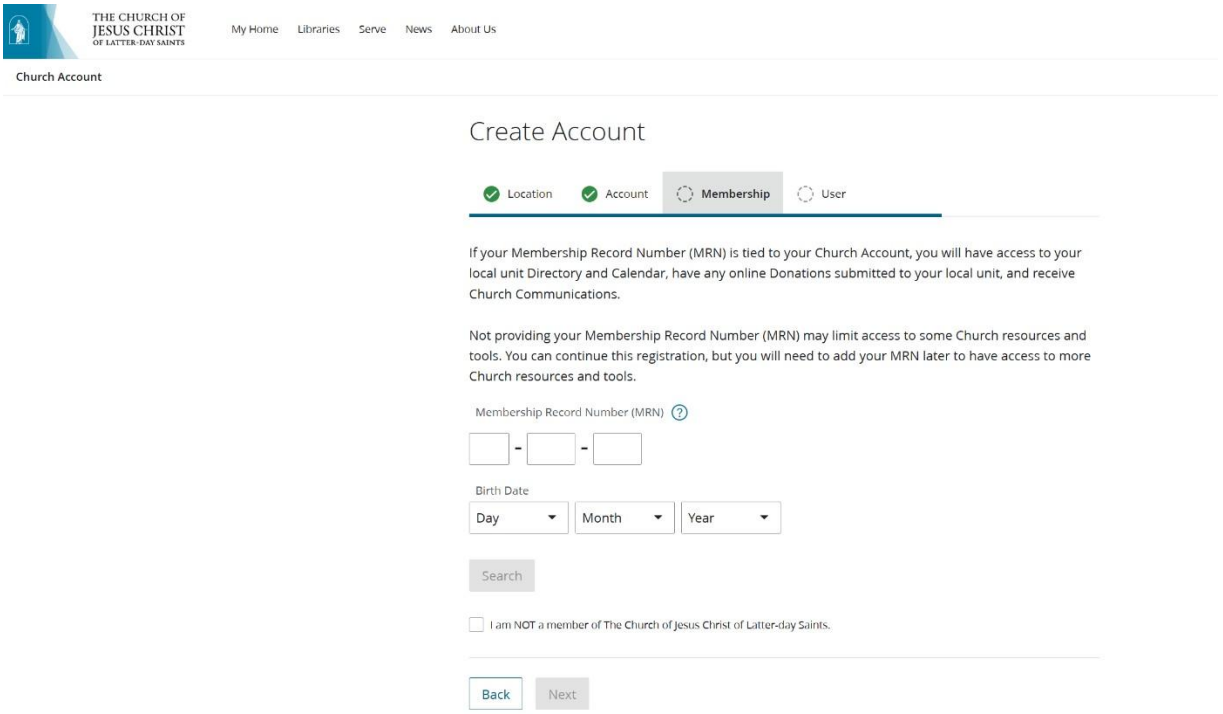
If you have a Church account, sign in with your username and password. If you *do not* have a Church account, click on "Create a new Account."



Select your location from the drop-down menu. Click on "Next" after selecting your location.

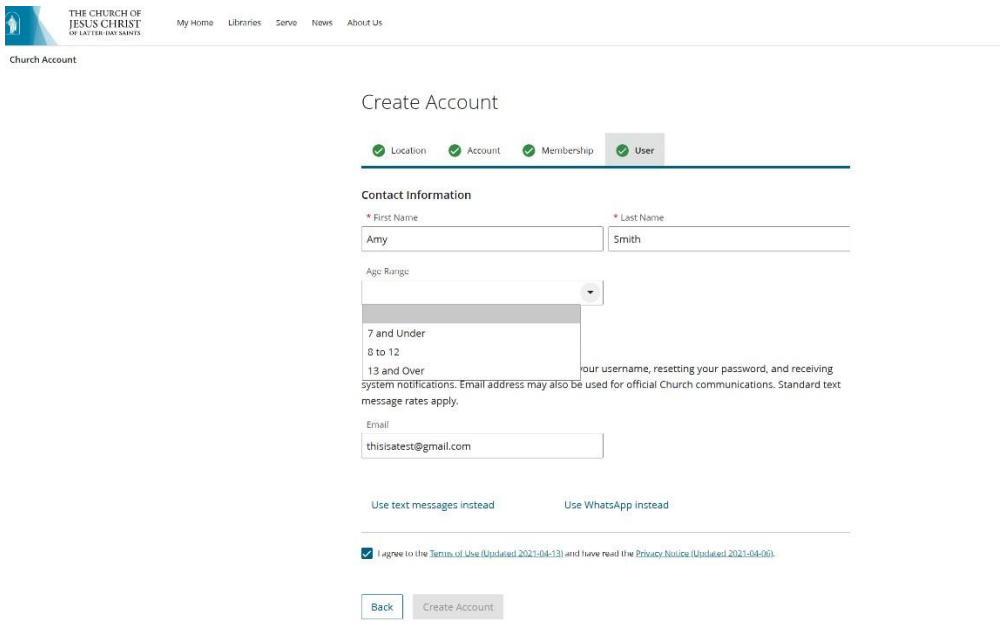


Create a username and password (those shown in the picture above are an example only – do not use these for your username and password). Once complete, and all green checkmarks appear on the right, click on “Next.”

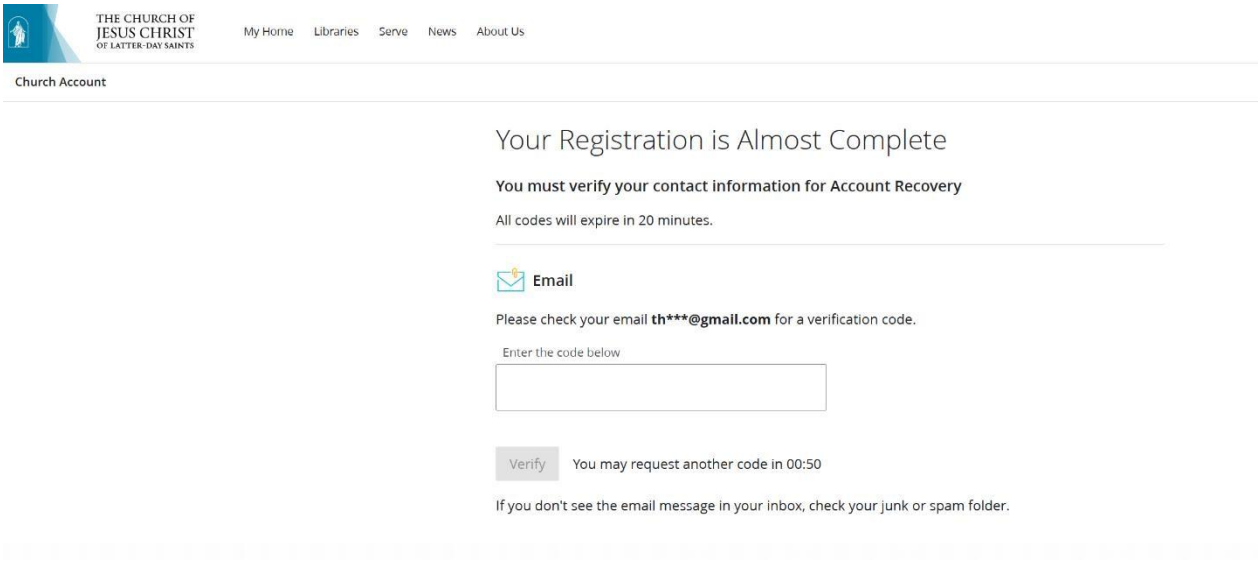


If you are a member, fill in the membership record number (MRN) boxes and your birth date information. If you *are not* a member, click on the box where it indicates that you are not a member of The Church of Jesus Christ of Latter-day Saints.

Once the information for a member or non-member is updated, click “Next.”

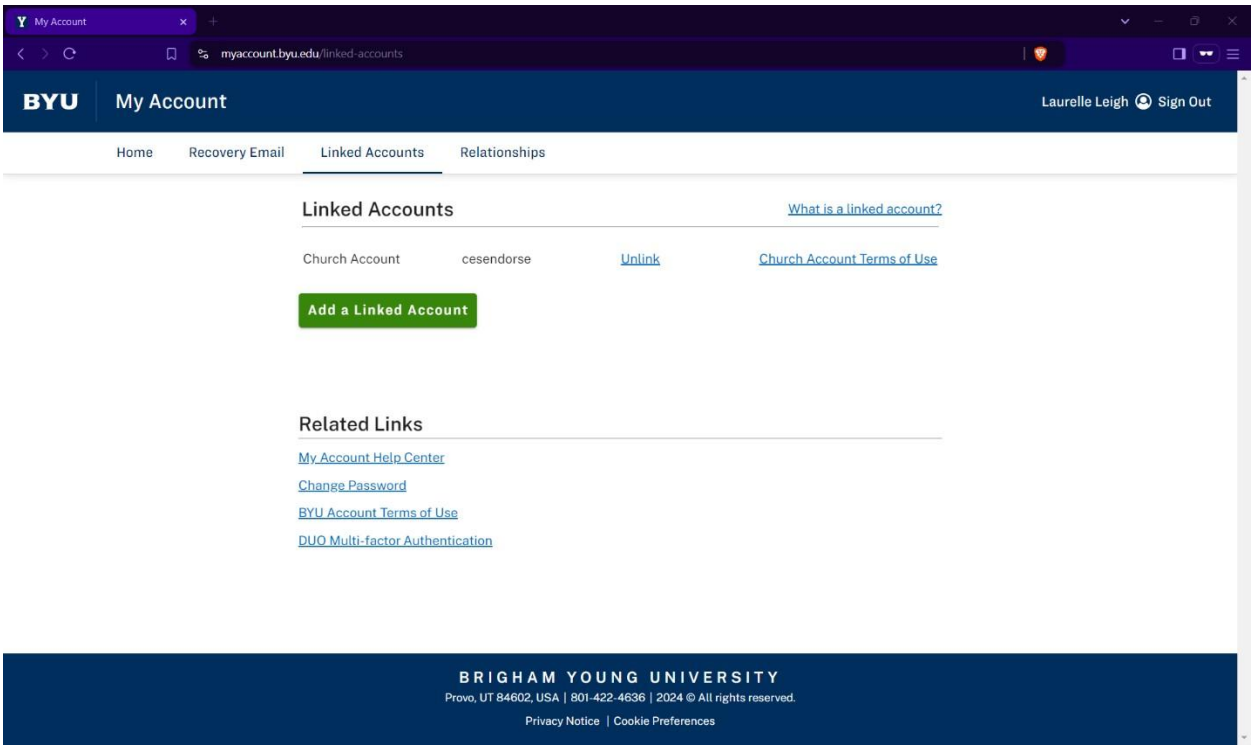


Next, fill in your contact information, including first and last name, your age range, and your active email address. Click on the box to agree to the terms of use and that you have read the privacy notice. Once complete, click on
"Create Account."



Make sure to verify your account. The verification code was sent to the email indicated on the prior screen. The code expires within 20 minutes.

After successfully signing in or creating a Church account, you will be redirected back to the My Account page, and you should see your linked church account in the linked accounts tab:



Once the accounts are linked, you can return to the endorsement site at endorse.byu.edu and start the endorsement.

Instructions for the endorsement process can be found in either the document labeled " Member Endorsement Process" or "Non-Member Endorsement Process" under the Endorsement tab of the application instructions.
